

TIBCO[®] NOW[™]

CALL FOR PAPERS NOW OPEN

March 6, 2018 – April 9, 2018

TIBCO is thrilled to announce **TIBCO NOW 2018**, an event that will define leading with innovation. Whether you need to grow, transform, or even just survive, innovation is the key to getting and staying ahead. At this event, we'll be bringing together business and IT professionals, developers, and executives from around the world to hear from engaging speakers with inspiring, relevant stories.

TIBCO NOW is known for cutting-edge presentations delivered by TIBCO leading experts and customers, covering a variety of topics ranging from emerging technologies, integration, and analytics. We are looking for inspiring stories focused on leading-edge projects, innovative uses of TIBCO technology, and best practices that made a significant impact to your business. Since our conference welcomes attendees at all levels, we are seeking 40-minute presentations ranging from beginner to advanced, business to technical, keynote to breakout session. Every submitted proposal is reviewed by top industry experts and practitioners to ensure that our audience will get the most out of each session.

We would love to have you, our customers, tell your success stories as part of the conference. Please submit your application by April 9, 2018. All submissions received on or before the cut-off date will be reviewed and considered. We will notify you on or before **April 24, 2018** about the status of your submission. Plus, all approved primary speakers will receive a complimentary conference pass. What do you have to lose? **Submit your interest today!**

How to Submit your Interest and Become a Speaker

Please [click here](#) to be directed to our Call for Papers website and submit your interest. *Please be sure to use the "Next" and "Back" buttons to proceed through the site and do not use your keyboard "Enter" or browser b"Back" buttons.* Once you have entered the form, submit the appropriate session and speaker details. **The following list is not exhaustive, but indicates the wide range of topics that are considered of interest:**
